Dear Sir,

Thank you for your kind contribution of Rs.36,000/- to the Pain and Palliative Care Society (PPCS). We believe that every small effort made can make a big difference in the life of our patients and their families. Your contribution will thus be a great support to us to reach out to the chronically ill, dying and bed-ridden patients. Your willingness to help us is in itself a gesture of warmth and compassion towards them.

As a charitable organization, comprising of medical professionals and volunteers, we are trying our best to extend our services free of cost to more and more patients in and around the city. In alleviating the suffering of the patients and their families lays the organization's mission.

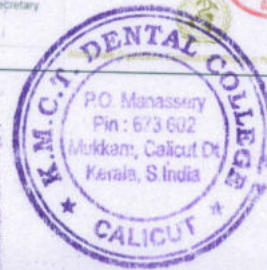

We welcome you to the PPCS family and solicit your lasting co-operation with us as a volunteer, through donations or through any other help you may extend. We also urge you to spread word about the organization. So that our quest for bringing dignity in life and death will be voiced louder in the society.

Once again we express our deep felt gratitude for being with us in our endeavor.
