

6.1.1- Institution has a well-defined vision, mission and core values and quality policy with quality objectives

VISION:

To be one among the globally acclaimed teaching institutions in dentistry.

MISSION:

To provide a strong foundation of sound knowledge of dentistry by adopting value based dental education through:

- Comprehensive dental care and a multidisciplinary treatment approach, wherein the students learn to see the patient as a whole,
- Research based on innovations to ease dental practice as well as to alleviate pain and discomfort
- Adopting technologies of global standards to provide the best learning experience to students
- Training students in recognizing oral health care needs of the marginalized and providing affordable dental care services for the needy,
- Identifying the emerging challenges in the field of dentistry and adopting methods to overcome this without compromising on the ethical values.
