7.1.8 EFFORTS FOR INCLUSIVE ENVIRONMENT

At KMCT Dental College the staff and students belong to a diverse range of age, ethnicities, religions, state and socioeconomic status. Each individual is valued for what they are and thus contributes to the success of this institute.

The staff and students function as a unit to create a friendly and stress free environment for the patients as well as for the students inside the campus. The college proposes a uniform dress code for the students in our institution which makes the students to feel the sense of equity among them.

To cultivate the social interaction and harmony in the society, various cultural events are being celebrated in our institution. This makes the students to understand different cultures and hence they will be acquiring the sense of unity in diversity. We have celebrated various celebrations like Onam, Christmas, Diwali, Ramzan, Holi etc. Students have actively participated in all these celebrations.

Since the racial, religious and linguistic intolerance is increasing in the society nowadays, our institution has taken initiative to make the students understand the different strata of this society and act empathetically. To promote this, we have conducted various literature competitions like essay writing, poster making, collage making and pamphlet making, so that students can express their views on this topic and by these we can grow a better society for tomorrow.

We provide hostel accommodation for students who come from various parts of this country and abroad, so that they mingle with each other and will be able to develop a precious bond between each other, thus making them to accept all kind of diversities seen among the people of different parts of the world. Hence, they will become more tolerant in accepting others.

We conduct various personality development programs, so that the students discover their hidden capabilities and become a better human. Since many students face language or communication problems, we take initiative to conduct language improvement program so as to improve the communication and soft skills too to empower them. We give them chance to showcase their communication capacities by conducting teaching lessons and those who are not upto the level, we give them more opportunities to enhance their communication skills.

We celebrate all important days, such as Teachers' Day, International Women's Day, Freshers' Day, Independence Day and Republic Day give the students to work as a team forgetting their differences.

We have a ragging free campus and this minimizes the stress level of all students and their parents at the same time. We have been conducting Anti ragging awareness program for the entire students from junior batch to senior batch including the student mentors.

Anti-tobacco campaign, AIDS and Leptospira awareness camps were conducted. Information pamphlets and medicines were distributed for free along with lectures.

KMCTDC organizes dental camps in various schools, special schools, old age homes, and orphanages where free screening and free treatment is provided to the needy.
