DEPARTMENT OF ORAL AND MAXILLOFACIAL SURGERY

KMCT Dental College has consistently prioritized the development of students' creativity, analytical skills, and innovation as part of its commitment to providing a holistic education. Students were given opportunities to showcase their talents through interdisciplinary workshops and seminars. These events provided an environment where students can exchange ideas, collaborate on projects, and develop a more comprehensive understanding of dentistry. These programs also helped in equipping faculty members with innovative teaching methods, effective mentoring techniques, and strategies to encourage creativity and critical thinking among students.

REPORT OF THE 'ORAL HYGIENE DAY' 2023

1st August to 15th August 2023

As every year, the 'Oral Hygiene Day' was celebrated and observed for a period of 2 weeks from the 1st of August to the 15th of August 2023. The event was conducted by the department of Periodontology in collaboration with the Indian Society of Periodontists (ISP), IQAC and Haleon. The aim and objective of the programme was to spread awareness among the general public and patients coming to KMCT dental college about the importance and the various methods to maintain a good oral hygiene. Patients with gingivitis and periodontitis was also focussed to improve their understanding about the present condition and the precautions to be taken during this stage. Various programmes like e-Poster competition with the 'ECODONTIST' theme and quiz contests were conducted by the department of periodontology, KMCT Dental College. Apart from these events, oral hygiene instructions were given on a daily basis to all patients reporting to the department by Dr. Harish Kumar V.V., head of department, Periodontics and Dr. Santhosh V.C., Professor, Department of Periodontics. Lecture classes were taken for the interns by Dr. Navia George, Reader, Department of Periodontics about the steps to educate and motivate patients to enforce good oral hygiene habits and thereby convey the same to patients reporting the outpatient department. Bins for disposal of old tooth brushes were setup at two stations within the college and patients were given new ecofriendly tooth brush in return provided by ISP. Paradontax tooth pastes were also distributed to patients with periodontal problems or previous history of Gingivitis/Periodontitis. On the occasion of Oral Hygiene Day, a school camp was also arranged where around 120 patients were screened for gingival or periodontal problems. Old tooth brush and pastes were also exchanged for the new ecofriendly tooth brush. Certificates and prizes sponsored by ISP were awarded to prize winners and all participants for the event.

A total of 1350 patients were attended during these two weeks period.

SUB: REPORT OF CAMP CONDUCTED IN DEPARTMENT OF PROSTHODONTICS

Sir,

I would like to extend my sincere thanks for providing us an opportunity to conduct the camp in the Department of Prosthodontics from 24 -10-2022 to 22 - 11-2022 as part of golden jubilee celebration of Indian Prosthodontic Society. A total of 57 patients were registered for complete denture of which 36 were registered for under graduates and 21 were registered for post graduates. 29 patients are already allotted and have started with the case. Remaining 28 patients have gone for some preprosthetic procedures like alveoloplasty etc.

I would like to inform you that the camps were really helpful for the department as we could improve the patient requirements for the students. We look forward for such opportunities and support in future also.

Thanking you,

Dr. Sheejith M

SUB: Request to conduct World Oral Health Day ON 20th March 2023

Respected Sir,

Each year on March 20th as a part of commemorating World Oral Health Day, the Department of Public health Dentistry, KMCT Dental College organizes Oral health awareness programs for the community. This year, we would like to commemorate World Oral Health Day on 20th March 2023 by conducting Oral health care program for the Tribal community of Kodanchery, coming under your care.

The program plans to educate the Tribal community on importance of Oral health and teach skills to take meaningful action for neglected Oral health. The program includes Oral health awareness classes, Dental health screening and treatments along with interactive sessions with the faculty team.

Hoping for your kind consideration of our request and permission to conduct the program for the Tribal community of Kodanchery.

Thanking you,

Your's sincerely,
