INNOVATION AND ENTREPRENEURSHIP DEVELOPMENT CENTRE

The Innovation and Entrepreneurship Development Centre (IEDC) at KMCT Dental College, Kozhikode, is a platform designed to foster innovation, creativity, and entrepreneurial skills among students. It aims to bridge the gap between academics and industry by supporting students in developing their ideas into viable business ventures. The center provides various resources, including mentorship programs, training workshops, networking opportunities, and incubation facilities. It also organizes competitions to encourage creative solutions to real-world problems.

Students at KMCT Dental College can incubate their ideas through the structured support of the Innovation and Entrepreneurship Development Centre (IEDC).

Participating in Orientation Programs: The IEDC conducts sessions for students to understand the concept of incubation, government grants, and how to align research with entrepreneurial ventures

Accessing Mentorship and Resources: The IEDC collaborates with Kerala Startup Mission and other stakeholders to provide mentorship, infrastructure, and funding opportunities for students to develop their ideas into viable projects

Engaging in Research Initiatives: Students can participate in short-term internship research programs or extend their thesis work into innovative projects with funding support from agencies like ICMR

Student-Led Roles and Teams: The IEDC encourages leadership by assigning roles such as Innovation Lead, Technology Lead, and Branding Lead to students, fostering ownership and collaboration

PARTICIPATION IN VARIOUS EVENTS

Students and faculties of KMCT dental college is actively participated in MedTech clinics wow Kerala, Idea Day, Designathon, young idea conclave, IEDC SUMMIT.

We also organized workshop on research grants, idea to patent, session on panel discussion with innovation and start up ecosystem enablers from region national start up day celebration, research methodology workshop, session on problem and ideation, a talk on innovation and start up ecosystem, Boot camp, Idea Day, I talk by successful entrepreneur. IEDC also conducted a fb lab visit

INNOVATION AND ENTREPRENEURSHIP DEVELOPMENT CENTRE

KMCT Innovation & Incubation Center (KIIC)

Ignite **Innovate** **Implement**

VISION

To impulse an innovation ecosystem in the campus and society.

MISSION

By providing the platforms to discover, design, develop and deliver the innovative thoughts.

ABOUT US

KMCT Innovation & Incubation Center (KIIC) is a Ecosystem supporting all of our fraternity which includes undergraduate students, post graduate students, teaching and non teaching faculty or anyone who wants to connect to our incubation system. We facilitate best practices especially in early stage entrepreneurs and researchers who have a vision and are looking to engage and grow together. We support people at both the Incubation and Acceleration steps. The Incubation program supports ideas from conception up through development of a project. Innovative ideas can be anything between academic research and business ideas to become entrepreneurs, start up with collaborations or a researcher. We welcome ideas from everyone who is a part of our campus, may it be students, teaching faculty, office staff, clinical/lab assistant staff, technical staff etc.

INNOVATION AND ENTREPRENEURSHIP DEVELOPMENT CENTRE

FACILITIES & INFRASTRUCTURE

We would like to mention the benefits of our incubation centre. As a large group, we have 13 educational institutions of various streams with in the campus. And our incubation centre has MOUs with various institutions like NIT Calicut, MVR Cancer centre, Milma Milk products etc. The access to all the industries, fab labs, and marketing agencies can easily be done through our collaborations. At dental college we have state of art equipment like CBCT, LASER, CERAMIC LAB, AND OPERATING MICROSCOPE & PHANTOM HEAD LABS etc

Infrastructure available for conducting research and collaborations

1. NIT MoU
2. IPM MoU
3. Industrial collaboration and MoU
4. Central library with a great number of books covering all disciples, huge archive of journal back volumes, subscriptions for majority of online journals and EBSCO.
5. IT facilities including numerous computers in library and high speed internet connection with wifi facility.
6. Multimedia facilities like colour projectors, audiovisual rooms with sound systems, and air-conditioned conference rooms for presentations.

KMCT Medical College Campus, Mukkam, Kozhikode - 673602
0495-2292000 dental@kmct.edu.in
www.kmctdentalcollege.org

7. Facilities for offline and online education using platforms like EdPuzzle
8. Central library facility with high speed internet connection
9. Training in recent advanced technologies like dental implants, sinus lift procedures, dental lasers, regenerative procedures using PRF, Conscious sedation
10. Newer radiodiagnostic aids like CBCT, Nemoceph - Ceph tracing software
11. Stereo microscope, ceramic furnace, physiodispenser,Biostar-Pressure molding technique, Hydrosolder, Centrifuge machine

MEMORANDUM OF UNDERSTANDING

we have active MOU and collaboration with internationally recognised institutions **where** our undergraduates, postgraduates and faculties will get numerous opportunities for their research, thesis, short studies and PhD work. here. We have MoU and collaboration with following institutions for the purpose of research

1. INDIAN INSTITUTE OF SPICES RESEARCH
2. NATIONAL IN STITUTE OF TECHNOLOGY
3. MVR CANCER CENTRE
4. CENTRE FOR TECHNOLOGY ASSISTED RECONSTRUCTIVE SURGERY PRIVATE LIMITED
5. IMPLANT GENESIS

INDUCTION PROGRAMM FOR EXECUTIVE COMMITTEE OF IEDC FOR THE YEAR

Following the inauguration session on ideation , an induction ceremony was held, introducing the members of the Executive Committee for the year 2024-25. Each member was welcomed with enthusiasm and provided with an overview of their roles and responsibilities. Subsequently, participants were treated to a refreshment session, providing an opportunity for networking and informal discussions among the committee members.The Induction Program for the Executive Committee 2024-25 at KMCT Dental College was a resounding success, setting a positive and

17. Detailed report of the event (Min 200 words)

A session on " BUSINESS MODEL CANVAS " hosted by IEDC KMCT Dental college plays a crucial role in understanding how a business creates, delivers and captures value. The speaker, Dr Jibin K Sabu, delivered insightful perspectives on the subject matter, shedding light on the challenges and opportunities present in today's rapidly evolving business landscape.

Key Points Discussed:

- Understanding Customer segments and value propositions
- Importance of Customer relationship
- Key resources and key activities
- Partnership and cost structure
- Nurturing Entrepreneurial Mind set

Conclusion:

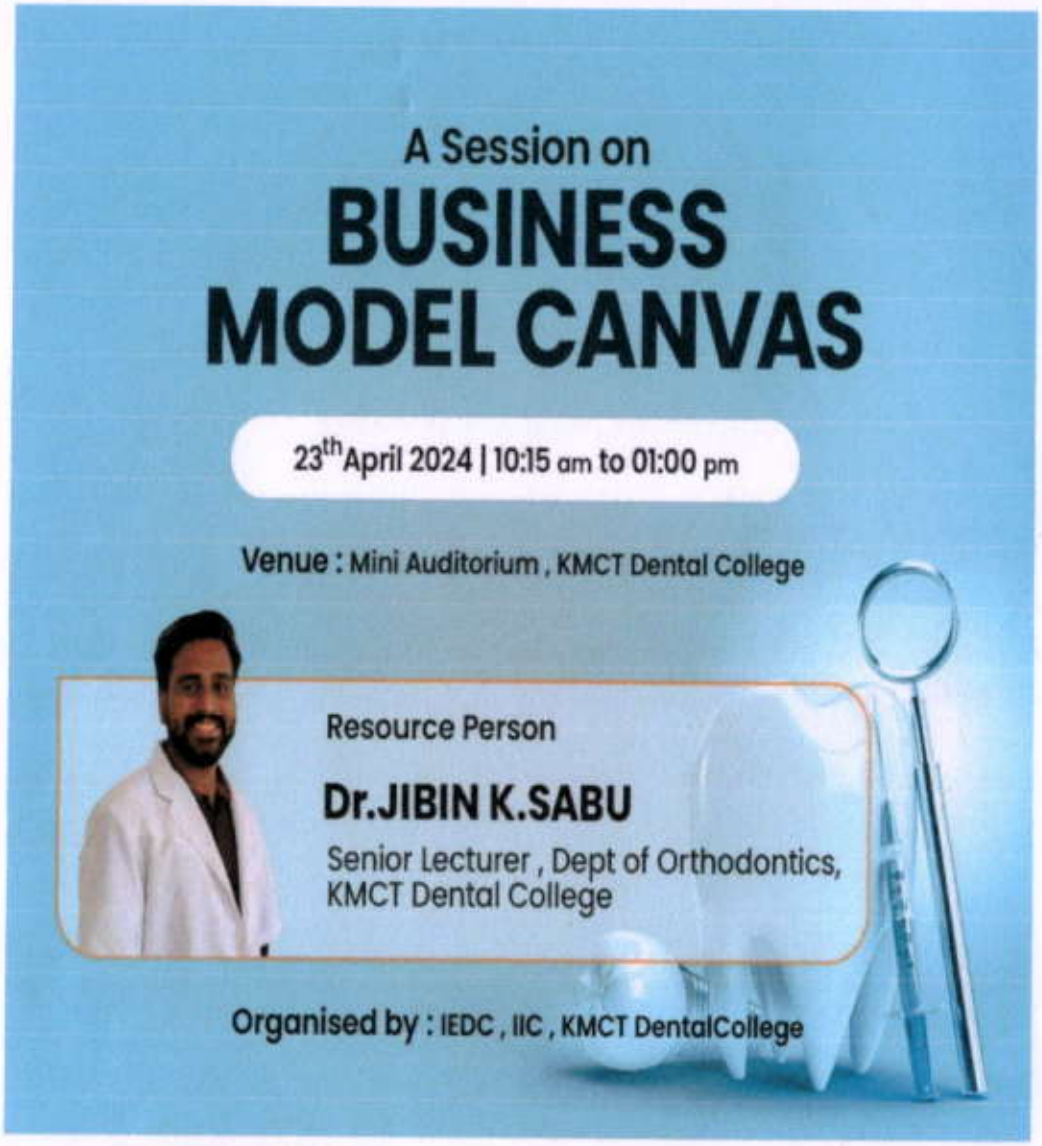

In conclusion, a session on " BUSINESS MODEL CANVAS " provided structured framework for analysing, designing and refining business strategies across various industries, including the healthcare sector. By utilizing the business model canvas empowers healthcare organizations to adapt to changing market dynamics, innovate and ultimately achieve sustainable success in delivering quality healthcare services and products.

The IIC and IEDC of KMCT Dental College are committed to nurturing the entrepreneurial spirit among students. The success of the program has inspired the institutions to plan more such events, workshops, and mentorship programs to continue fostering business entrepreneurship on campus.

17. Detailed report of the event (Min 200 words)	The visit aimed to gain a comprehensive understanding of the processes and technologies involved in the creation of dental prosthetics and appliances. This included observing the workflow, learning about different materials used, and understanding the quality control measures in place. DentTech Dental Laboratory is a state-of-the-art facility specializing in the design and manufacture of dental prosthetics, including crowns, bridges, dentures, and orthodontic appliances. The lab combines traditional craftsmanship with modern digital technologies to ensure high precision and quality. Technologies Observed: • CAD/CAM Systems: Integral for designing and milling precise dental restorations. • 3D Printers: Used for creating detailed and accurate models and appliances. • Digital Scanners: Essential for capturing detailed impressions and ensuring accurate fit. • Sintering Furnaces: For the hardening of ceramic materials. Conclusion: The visit to DanTech Dental Laboratory was highly informative and showcased the intricate and advanced processes involved in creating dental prosthetics. The integration of digital technology with traditional craftsmanship ensures high-quality outcomes for patients. The lab's commitment to precision, quality control, and continuous improvement is commendable and reflects the high standards of modern dental prosthetic manufacturing. The IIC and IEDC of KMCT Dental College are committed to nurturing the entrepreneurial spirit among students. The success of the program has inspired the institutions to plan more such events, workshops, and mentorship programs to continue fostering business entrepreneurship on campus.

17. Detailed report of the event (Min 200 words)	Key Features: Self-Defense Training: The program commenced with a self-defense training session conducted by a karate trainer, empowering women with essential skills and techniques for self-protection and confidence-building. Session on Investments and Business Opportunities: Participants were enlightened on investment strategies and business opportunities tailored for women entrepreneurs, providing valuable guidance on financial empowerment and wealth creation. Talk by Successful Woman Entrepreneur: A prominent woman entrepreneur delivered a keynote address, sharing her personal journey, challenges faced, and lessons learned in building a successful business. Her inspiring narrative served as a source of motivation for aspiring women entrepreneurs. Session by Successful Innovator: Another notable session featured a successful innovator who shared her experiences in the field of innovation and technology, highlighting the importance of creativity, perseverance, and resilience in driving innovation and entrepreneurship. Interactive Discussions: Participants engaged in interactive discussions with the speakers, exchanging ideas, seeking advice, and gaining insights into various aspects of entrepreneurship and leadership. Networking Opportunities: The event provided networking opportunities for participants to connect with like-minded individuals, mentors, and potential collaborators, fostering a supportive and empowering community for women on campus. Participant Feedback: Feedback from participants was overwhelmingly positive, with many expressing gratitude for the informative and inspiring sessions. Participants appreciated the practical insights shared by the speakers and found the self-defense training session particularly empowering and valuable. The event was lauded for its efforts in promoting women's empowerment and fostering a culture of entrepreneurship on campus. Conclusion: The talk session by a successful woman entrepreneur, organized by IEDC in collaboration with the Women's Cell, served as a catalyst for empowering women on campus. By providing valuable insights, practical skills, and inspirational stories, the event contributed to the personal and professional growth of participants, encouraging them to pursue their entrepreneurial dreams with confidence and determination.

17. Detailed report of the event (Min 200 words)	Key Features:Group Formation: Participants were organized into 10 groups, each consisting of members with diverse backgrounds and skill sets. Duration: The competition spanned 8 hours, providing ample time for participants to develop and refine their ideas. Problem Statements: Three problem statements were provided to the groups, presenting real-world challenges to be addressed through innovative solutions. Training Sessions: Each group received training sessions covering ideation, concept development, and proof of concept, tailored to address the specific problem statement assigned to them. Lean Canvas Framework: Participants were equipped with a Lean Canvas framework to structure their projected solutions for each problem statement, ensuring a systematic approach to idea development. Pitching Sessions: At the culmination of the competition, each group presented their ideas to a judging panel comprised of faculty members who are experts in the field of innovations. Program Highlights:Training Workshops: Throughout the day, participants engaged in interactive workshops where they refined their ideas, received feedback, and honed their pitching skills. Mentorship Sessions: Expert mentors provided guidance and support to the groups, offering valuable insights and suggestions to enhance their ideas.Pitch Presentations: Each group delivered their pitches to the judging panel, showcasing their innovative solutions, demonstrating market potential, and articulating their value proposition. Q&A Session: Following each pitch presentation, the judging panel engaged in a Q&A session with the groups, probing deeper into the feasibility and scalability of the proposed ideas. Evaluation and Awards: The judging panel evaluated the pitches based on criteria such as innovation, feasibility, market potential, and presentation skills. Winners were announced, and awards were presented to the top-performing groups. Participant Feedback:Feedback from participants reflected enthusiasm and satisfaction with the competition format, emphasizing the opportunity to ideate, collaborate, and receive guidance from mentors. Participants expressed gratitude for the platform provided by IEDC to showcase their ideas and receive valuable feedback from industry experts.
	Conclusion:The Idea Pitching Competition organized by IEDC, KMCT Dental College, was a resounding success, fostering creativity, innovation, and entrepreneurial spirit among participants. By providing a platform for idea generation, refinement, and pitching, the competition contributed to the development of an entrepreneurial ecosystem within the college community.

17. Detailed report of the event (Min 200 words)	Key Features:Group Formation: Participants were divided into 10 groups, facilitating collaborative learning and teamwork. Duration: The boot camp lasted for 8 hours, ensuring comprehensive coverage of the training modules. Problem Statements: Three problem statements were provided to the participants, serving as real-world challenges to be addressed during the boot camp. Training Sessions: Each group received training sessions tailored to address the specific problem statement assigned to them. These sessions covered ideation, brainstorming, concept development, and proof of concept. Lean Canvas Framework: Participants were supplied with a Lean Canvas framework to structure their projected solutions for each problem statement. This provided a systematic approach to validating business ideas and developing viable solutions. Program Highlights: Problem Statement Sessions: Expert facilitators conducted training sessions for each group, focusing on understanding the problem statement, identifying potential solutions, and formulating a strategy to address the challenge effectively. Hands-on Workshops: Participants engaged in interactive workshops where they applied design thinking principles and lean startup methodologies to develop prototypes and validate their ideas. Pitching Sessions: Each group presented their projected solutions, utilizing the Lean Canvas framework to articulate their value proposition, customer segments, and revenue streams. Feedback and Evaluation: Feedback sessions were conducted, allowing participants to receive constructive feedback from mentors and peers, fostering continuous improvement and learning. Participant Feedback: Feedback from participants indicated a high level of satisfaction with the boot camp format, emphasizing the practical learning experience and the opportunity to collaborate with peers. Many participants expressed gratitude for the guidance provided by mentors and the relevance of the training sessions to real-world entrepreneurial challenges Conclusion:The boot camp organized by IEDC, KMCT Dental College, served as a platform for participants to enhance their innovation and entrepreneurial skills. By providing hands-on training, fostering collaboration, and encouraging creative problem-solving, the boot camp contributed to the development of a vibrant entrepreneurial ecosystem within the college community

17. Detailed report of the event (Min 200 words)	Event Report: Innovation Council - KMCT Dental College Date: March 2, 2024 The Innovation Council of KMCT Dental College organized an insightful and enriching event on March 2, 2024, by visiting the Fab Lab at Technopark, Trivandrum. The primary focus of the visit was to explore and understand the various prototyping equipment, with a special emphasis on 3D designing and printing technologies. The event commenced with a detailed tour of the Fab Lab, where participants had the opportunity to witness cutting-edge equipment and technologies used in prototyping. The lab showcased a wide array of tools, machinery, and resources that play a pivotal role in the field of innovation. The highlight of the visit was a comprehensive workshop conducted from 10 am to 5 pm, specifically centered around 3D designing and printing. The workshop provided a hands-on experience for the participants, allowing them to delve into the intricacies of creating three-dimensional models and the subsequent printing process. The expert facilitators guided the participants through the entire workflow, from conceptualizing ideas to bringing them to life using 3D printing technology. A total of 12 participants actively engaged in the event, reflecting the enthusiasm and interest within the KMCT Dental College community for innovative technologies. Notably, the event also witnessed a commendable gender balance, with 4 out of the 12 participants being women, highlighting the inclusive nature of the Innovation Council's initiatives. The participants gained valuable insights into the world of prototyping and were equipped with practical knowledge about the applications and possibilities of 3D designing and printing. The event fostered a collaborative learning environment, encouraging the exchange of ideas and experiences among the participants. As the Innovation Council continues its mission to nurture a culture of innovation within KMCT Dental College, events like these play a crucial role in exposing participants to emerging technologies and inspiring them to explore new horizons in their respective fields. The success of the Fab Lab visit at Technopark, Trivandrum, is a testament to the commitment of the Innovation Council and the active participation of the KMCT Dental College community in embracing and promoting innovation. Such initiatives not only enhance the skill set of the participants but also contribute to the overall growth and advancement of the institution.

Ref no: KMCT/DC/C/2024/101 **Date: 28-02-2024**

TO WHOMSOEVER IT MAY CONCERN

Sir,

We have established Innovation and Entrepreneurship Development Centre (IEDC), an initiative of Kerala Startup Mission (KSUM) to support and foster Innovation & Entrepreneurship development in our institution. We ensure that we will abide by and follow the rules and guidelines of KSUM.

- We have year marked and allocated a room with a minimum 1000 sq ft carpet area for the IEDC with the basic requirements and is actively functioning.
- Branding the room as per KSUM guidelines and meeting minimum requirements has been done.
- Our institution was know / not known by any other name previously and the other names are

❑ List them if known by previous names and strike off and remove those not applicable

17. Detailed report of the event (Min 200 words)	The Interdisciplinary Workshop on Basic Research Methodology for Biomedical Research was held from February 5th to February 7th, 2024, organized by the Innovation and Entrepreneurship Development Cell (IEDC) in collaboration with the Research Committee of KMCT Dental College. The workshop aimed to equip participants with fundamental skills and knowledge in research methodologies pertinent to biomedical research. Key Objectives: To familiarize participants with basic research concepts and methodologies. To provide hands-on training in various research techniques applicable to biomedical studies. To encourage interdisciplinary collaboration among participants for enhanced research outcomes. Program Highlights: Day 1 (February 5, 2024):Introduction to Research Methodology: Theoretical sessions covering the fundamentals of research design, data collection, and analysis.Workshop on Literature Review: Practical exercises guiding participants in conducting effective literature reviews for biomedical research Day 2 (February 6, 2024): Statistical Analysis in Biomedical Research: Sessions focusing on statistical methods commonly used in analyzing biomedical data. Research Ethics and Regulatory Compliance: Discussions on ethical considerations and regulatory frameworks governing biomedical research. Day 3 (February 7, 2024): Hands-on Laboratory Sessions: Participants engaged in practical sessions conducting experiments and data collection under the guidance of experienced faculty members. Interdisciplinary Panel Discussion: A panel of experts from various fields discussed the importance of interdisciplinary collaboration in advancing biomedical research. Certificate Distribution: Certificates of participation were distributed to all attendees acknowledging their successful completion of the workshop. Participant Feedback:Feedback from participants indicated high satisfaction with the workshop content and delivery. Many expressed appreciation for the practical approach and the opportunity to interact with experts in the field. The workshop was praised for its relevance to current research practices in biomedical sciences. Conclusion:The Interdisciplinary Workshop on Basic Research Methodology for Biomedical Research organized by IEDC and the Research Committee of KMCT Dental College was a resounding success. By providing participants with essential skills and knowledge, fostering interdisciplinary collaboration, and promoting research ethics, the workshop contributed significantly to the advancement of biomedical research within the academic community.

17. Detailed report of the event (Min 200 words)	Event Report Title: Exposure Visit to Fab Lab – NIT Calicut Organized by: IEDC & IIC - KMCT Dental College Venue: Material Science and Engineering Department, NIT Calicut Date: February 1, 2024 Introduction: The Innovation and Entrepreneurship Development Cell (IEDC) and the Institution's Innovation Council (IIC) at KMCT Dental College jointly organized an exposure visit to the Fab Lab at the National Institute of Technology (NIT) Calicut. The event took place at the Material Science and Engineering Department on February 1, 2024, offering participants a unique opportunity to explore the pre-incubation lab with a specific focus on Biomaterials and Biodevices Research. Objective: The primary objective of the exposure visit was to provide students with an immersive experience in the cutting-edge facilities of the Fab Lab at NIT Calicut. Participants aimed to gain insights into the latest developments in Biomaterials and Biodevices research, fostering a deeper understanding of innovation and technology in the field. Event Highlights: Welcome and Introduction: The event commenced with a warm welcome by the faculty members from the Material Science and Engineering Department at NIT Calicut. They provided an overview of the Fab Lab and its significance in fostering innovation and research. Lab Tour: Participants were given an extensive tour of the Fab Lab, where they witnessed state-of-the-art equipment and facilities. The pre-incubation lab showcased cutting-edge technologies used in Biomaterials and Biodevices Research. Interactive Sessions: Engaging sessions were conducted by experts from NIT Calicut, focusing on the practical applications of Biomaterials and Biodevices. Participants had the opportunity to interact with researchers, gaining valuable insights and clarifying their queries. Hands-on Experience: To enhance the learning experience, students were provided with a hands-on session, allowing them to explore and experiment with the equipment used in Biomaterials and Biodevices Research. This practical exposure aimed to bridge the gap between theoretical knowledge and real-world applications. Networking Opportunity: The event provided an excellent platform for networking between students, faculty members, and researchers from both KMCT Dental College and NIT Calicut. This interaction facilitated the exchange of ideas and potential collaborations in the future.

	Conclusion: The exposure visit to the Fab Lab at NIT Calicut was a resounding success, achieving its goal of providing students with valuable insights into Biomaterials and Biodevices Research. The collaboration between IEDC, IIC, and NIT Calicut showcased the commitment to fostering innovation and entrepreneurship in the academic community. The event left a lasting impression on the participants, inspiring them to explore new horizons in their academic and entrepreneurial pursuits. We extend our sincere gratitude to NIT Calicut for their hospitality and expertise, making this exposure visit a memorable and enriching experience for all participants.

17. Detailed report of the event (Min 200 words)	The talk on "Innovation and Start up Ecosystem" hosted by IEDC KMCT Dental college was a captivating exploration into the dynamics of innovation and the critical elements that contribute to a thriving start up ecosystem. The speaker, Dr Nivea T Francis, delivered insightful perspectives on the subject matter, shedding light on the challenges and opportunities present in today's rapidly evolving business landscape. Key Points Discussed: • Understanding Innovation • Importance of Collaboration • Building Supportive Infrastructure • Embracing Diversity and Inclusion • Nurturing Entrepreneurial Mind set Conclusion: In conclusion, the talk on "Innovation and Start up Ecosystem" provided valuable insights into the key drivers of innovation and the essential elements of a thriving start up ecosystem. By fostering collaboration, building supportive infrastructure, embracing diversity and inclusion, and nurturing an entrepreneurial mind set, stakeholders can collectively contribute to creating a vibrant ecosystem that fosters creativity, drives economic growth, and addresses societal challenges. The IIC and IEDC of KMCT Dental College are committed to nurturing the entrepreneurial spirit among students. The success of the program has inspired the institutions to plan more such events, workshops, and mentorship programs to continue fostering innovation and entrepreneurship on campus.

17. Detailed report of the event (Min 200 words)	The primary focus of the event was to foster entrepreneurship and innovation among the students and provide a platform for them to showcase their innovative ideas. Idea Pitching Competition: One of the highlights of the event was the Idea Pitching Competition, where 10 participants from different disciplines presented their innovative ideas. The participants exhibited a diverse range of ideas, showcasing the creativity and entrepreneurial spirit present within the student community. Panel of Judges: A distinguished panel of judges, consisting of three seasoned professionals with expertise in entrepreneurship, innovation, and business, evaluated the presentations. Their valuable insights and constructive feedback added immense value to the competition. Winners and Incubation: After a rigorous evaluation process, the top three ideas were selected for incubation. The winners not only demonstrated creativity but also exhibited the potential for real-world application and impact. The winning ideas covered a spectrum of industries, from healthcare to technology, reflecting the versatility of the participants. The three winning ideas selected for incubation are as follows: HealthCare Innovations: A groundbreaking idea that aims to revolutionize healthcare delivery through the integration of technology and patient-centric solutions. Smart Campus Solutions: An innovative proposal focused on enhancing the overall campus experience through the implementation of smart technologies for various aspects such as security, communication, and resource optimization. Eco-Friendly Dental Products: A sustainable initiative to develop and market dental products that are environmentally friendly, addressing the growing concern for ecological conservation. Closing Ceremony:

Principal
KMCT Dental College
Manassery, Mukkam

	The event concluded with a closing ceremony where the winners were felicitated, and all participants were acknowledged for their efforts. The organizing committee expressed gratitude to the judges, participants, and sponsors for their contributions to the success of the National Startup Day celebration. Future Endeavors: The IIC and IEDC of KMCT Dental College are committed to nurturing the entrepreneurial spirit among students. The success of the National Startup Day has inspired the institutions to plan more such events, workshops, and mentorship programs to continue fostering innovation and entrepreneurship on campus. The National Startup Day celebration at KMCT Dental College not only provided a platform for students to showcase their entrepreneurial talent but also marked a significant step towards building a culture of innovation within the institution. The incubation of the top three ideas reflects the commitment of the institution to support and nurture budding entrepreneurs, laying the foundation for a vibrant startup ecosystem within the campus

17. Detailed report of the event (Min 200 words)	Event Report: Session/Panel Discussion with Innovation and Startup Ecosystem Enablers Date: January 9th, 2024 Venue: KMCT Dental College Topic: Innovation and Startup Ecosystem: Fueling the Future Overview: The KMCT Dental College hosted a vibrant and insightful session on January 9th, 2024, titled "Session/Panel Discussion with Innovation and Startup Ecosystem Enablers from the Region." This event brought together a diverse group of experts from the local startup ecosystem to share their knowledge, experiences, and perspectives on building and nurturing innovative ventures. Panel Members: Ravi Sv Saleem sir Key Discussion Points: Identifying and nurturing innovative ideas: The panel delved into strategies for identifying promising ideas with potential for impactful startups within the dental and healthcare field. They emphasized the importance of fostering a culture of innovation within academic institutions and encouraging students to think outside the box. Challenges and opportunities in the region's startup ecosystem: The discussion explored the unique challenges faced by aspiring entrepreneurs in the region, such as access to funding, limited infrastructure, and navigating regulatory hurdles. However, the panelists also highlighted the immense potential of the region's talent pool, growing support networks, and emerging technological advancements. The role of enablers and resources: The panelists shed light on the crucial role played by various enablers, including incubators, accelerators, mentors, and investors, in supporting the growth of startups. They highlighted the importance of access to mentorship, resources, and networking opportunities for early-stage ventures. Building a sustainable and impactful startup: The discussion emphasized the need for startups to focus on not just commercial success but also creating a positive impact on society and addressing unmet needs in the healthcare sector. Audience Engagement:

K.M.C.T. DENTAL COLLEGE * CALICUT *

DR. MANOJ K.M. M.D.S, K.P.
Principal
KMCT Dental College

	The session encouraged active participation from the audience, mainly comprising students, faculty members, and aspiring entrepreneurs. Q&A sessions, interactive polls, and breakout discussions fostered a dynamic exchange of ideas and facilitated knowledge sharing among participants. Conclusion: The Session/Panel Discussion with Innovation and Startup Ecosystem Enablers proved to be a valuable platform for engaging the KMCT Dental College community in conversations about entrepreneurship and innovation. The event successfully sparked interest, provided practical guidance, and fostered a sense of optimism for the future of the region's startup ecosystem.

17. Detailed report of the event (Min 200 words)

Event Report: Two-Day Intellectual Property Rights Workshop & Hands-on

Date: August 14th and 15th, 2023

Venue: KMCT Dental College,

Day 1: August 14th, 2023

10:30 AM - 11:00 AM: Inaugural Ceremony

The event commenced with an inaugural ceremony attended by participants, organizers, and esteemed resource persons.

11:00 AM - 11:30 AM: Introduction to Innovation

Mr. Arun Raaj Manickaraj, Associate Vice President of RAIN, delivered an enlightening session on the importance of innovation and its role in intellectual property rights.

11:30 AM - 11:45 AM: Tea Break

Participants had the opportunity to network and engage in discussions over a refreshing tea break.

11:45 AM - 1:00 PM: Idea Creation and Validation

Mr. Dinu Anand R, CSR Relations - AIC RAISE, conducted an interactive workshop on idea generation and the critical process of validating innovative concepts.

1:00 PM - 1:30 PM: Lunch

Participants and resource persons gathered for a well-deserved lunch break, fostering

further networking and discussions.

1:30 PM - 2:30 PM: Market Analysis & Understanding from Business Standpoint

The afternoon session featured a comprehensive exploration of market analysis and understanding from a business perspective, providing participants with valuable insights into commercial viability.

2:30 PM - 3:00 PM: Q&A and Discussion

The day concluded with an engaging Q&A session, allowing participants to seek clarifications and share their thoughts on the topics covered.

Day 2: August 15th, 2023

The second day of the Intellectual Property Rights Workshop continued to enrich participants with knowledge and practical insights.

Day 2: August 15th, 2023

9:30 AM - 10:30 AM: Patent Filing Introduction

The second day of the workshop commenced with a session introducing participants to the process of patent filing. This session provided an overview of the importance of patents in protecting intellectual property.

10:30 AM - 1:00 PM: Patent Filing Exercise

A hands-on workshop was conducted, allowing participants to work on patent filing exercises. This interactive session provided practical experience and guidance on the patent filing process.

1:00 PM - 1:30 PM: Lunch

1:30 PM - 3:00 PM: Patent Form Filling Practice

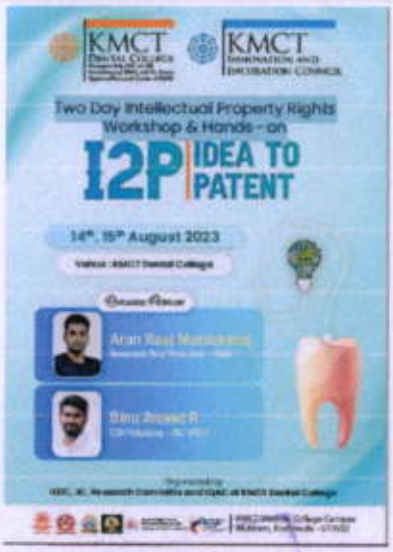

The final session of the workshop focused on practical exercises related to filling out patent forms. Participants gained valuable insights into the intricacies of patent documentation.

Conclusion:The second day of the Intellectual Property Rights Workshop at KMCT Dental College continued to empower participants with knowledge and practical skills related to patent filing and documentation. The hands-on exercises and interactive sessions provided a comprehensive understanding of the patent filing process, emphasizing the importance of protecting intellectual property.As the workshop concluded, participants were encouraged to confirm their registration for the event through a scan or other designated method, ensuring that they could access resources and further support in their intellectual property journey.We extend our appreciation to all participants for their active engagement and to the resource persons for sharing their expertise. This workshop has undoubtedly enriched the knowledge and capabilities of those in attendance, paving the way for future innovations and intellectual property protection. We look forward to continued collaboration and learning opportunities in the field of intellectual property rights.

17. Detailed report of the event (Min 200 words)	: Event Report: Innovation Day at KMCT Dental College Date:13-07-2023 Location: KMCT Dental College, Kozhikode Introduction: On 13-07-2023 KMCT Dental College hosted an informative and hands-on research workshop. This workshop aimed to equip dental professionals and students with essential knowledge on securing research grants and effectively submitting research proposals. The event was attended by 59 enthusiastic participants from diverse backgrounds in dental research. Resource Person: The workshop was conducted by Dr. Niyas, an esteemed expert in the field of dental research. Dr. Niyas possesses extensive experience in securing research grants and has contributed significantly to dental research advancements. Workshop Highlights: Lecture on Research Grants: Dr. Niyas commenced the workshop with an insightful lecture on various research grants available for dental professionals. He provided an overview of the different types of grants, eligibility criteria, and the application process. Participants gained valuable insights into the competitive landscape of research funding. Hands-On Session: Creating User Profiles and Research Proposals: Following the lecture, the workshop transitioned into a hands-on session. Dr. Niyas guided participants through the process of creating user profiles on research grant portals, emphasizing the importance of accurate and detailed information. Submitting Research Proposals: In this interactive session, Dr. Niyas demonstrated the step-by-step process of preparing and submitting a research proposal. He shared practical tips on structuring proposals, including key components such as research objectives, methodology, and budgeting. Key Takeaways: Participants gained a deeper understanding of the research grant landscape and the importance of securing funding for dental research projects. The hands-on session allowed attendees to create user profiles and practice the process of submitting research proposals, thereby increasing their confidence and competence. Conclusion:

The research workshop at KMCT Dental College, led by Dr. Niyas, proved to be a valuable learning experience for all 59 participants. The knowledge acquired during the lecture and the practical skills developed in the hands-on session are expected to empower dental professionals and students in pursuing research opportunities more effectively.

We extend our sincere appreciation to Dr. Niyas for his expertise and engaging presentation. This workshop reflects KMCT Dental College's commitment to advancing dental research and education, ultimately contributing to the improvement of oral healthcare.

17. Detailed report of the event (Min 200 words)

: Event Report: Innovation Day at KMCT Dental College

Date: 23-06-23
Location: KMCT Dental College, [City, State]

Introduction:
On 23-06-23, KMCT Dental College hosted an Innovation Day, a platform dedicated to fostering creativity and problem-solving within the field of dentistry. The event brought together ten enthusiastic participants, each presenting innovative ideas related to various aspects of dental healthcare.

Participants and Their Innovative Ideas:

Participant 1: Hospital Waste Management

Idea: A novel waste disposal system specifically designed for dental clinics and hospitals to address the challenges of biomedical waste disposal, ensuring compliance with environmental regulations.

Participant 2: Patient Database Enhancement

Idea: An advanced patient database system that streamlines the patient registration process, securely stores medical records, and provides real-time access to relevant healthcare professionals.

Participant 3: Hospital Management Software

Idea: A comprehensive hospital management software that integrates patient scheduling, billing, and inventory management to optimize operational efficiency in dental healthcare facilities.

Participant 4: Telehealth Solutions

Idea: A telehealth platform tailored for dental consultations, enabling remote diagnostics, treatment planning, and follow-ups, thus improving accessibility to dental care.

We extend our gratitude to all participants for their dedication to driving positive change in dental healthcare. We look forward to seeing these ideas evolve into tangible solutions that benefit both practitioners and patients.

The event showcased a diverse range of innovative ideas with the potential to transform various aspects of dental healthcare.

Participants demonstrated a strong commitment to addressing real-world challenges in the field.

Ideation Grant Award and First Installment Disbursement

TBI GEC Thrissur <tbi@gectcr.ac.in> Thu, 22 Aug at 1:43 PM
To: Nikiniki Rajeev <nikinikirajeev@gmail.com>

Dear Founder,

Congratulations! We are excited to inform you that your application for the Ideation Grant has been sanctioned following our meeting on July 18, 2024.

The committee has approved a grant amount of Rs. 90,000, which will be disbursed on a 40:40:20 basis. The first installment will be released on August 19, 2024.

Terms and Conditions:

Original Receipt Submission:
Please ensure that the original receipts for all relevant expenses are submitted to the GEC TBI office.

The ideation grant cannot be used for the following purposes:

1. Salaries for the founding team.
2. Purchase of assets.
3. Payment of rent and other utility charges.
4. Purchase of costly equipment and devices (innovators will be allowed to use equipment and devices available with College and Fablab.)
5. Patenting expenses (innovator may claim for reimbursement through the Patent Scheme)

iHub Anubhuti-IIITD Foundation

(A Section 8 Company, Promoted by IIIT-Delhi)
Under the aegis of the National Mission on Interdisciplinary Cyber-Physical Systems (NM-ICPS) of the Department of Science and Technology (DST), Government of India (GoI)

iHub Anubhuti/CHANAKYA Fellowship Grant PG/21 Date: 12 April 2024

Subject: CHANAKYA PG Fellowship Grant Letter

Dear Nikitha Rajeev,

With reference to the Call for CHANAKYA PG Fellowship, I am pleased to inform you that you have been selected as a CHANAKYA PG Fellow to carry out research work entitled 'A device for Root Canal Width measurement of human teeth using Artificial Intelligence (AI)' sponsored by the iHub Anubhuti-IIITD Foundation (iHub Anubhuti).

You will be awarded a stipend of INR 12,400 for a maximum of 24 months starting Monday, April 22, 2024, or until you are a PG student, whichever is earlier.

The student must notify iHub Anubhuti (fellowships@ihub-anubhuti-iiitd.org) at least 2 months before the completion of the ongoing degree for which the fellowship is granted. If any discrepancy is identified at a future date, then the student is liable to refund the fellowship amount granted. Also, if any discrepancy in fellowship eligibility is identified in the documentation provided by the student, then the fellowship will be terminated and the fellowship amount should be refunded to iHub Anubhuti.

This fellowship is subjected to the following terms and conditions:

1. This fellowship is for the above research project only and will continue until the above-mentioned period, subject to satisfactory performance.
2. Last month's fellowship amount will be held as a security deposit and shall be released after the submission of the closure report and other reports requested by the iHub Anubhuti.
3. You will be required to submit a progress report every 06 months in the prescribed format, duly endorsed by your supervisor
4. No other fellowship can be availed of during this duration.
5. Project progress will be monitored and evaluated on a regular basis. In case of unsatisfactory performance, the fellowship may be discontinued.
6. Fellowship is as per the guidelines issued by the Department of Science and Technology (DST) from time to time, and the release of fellowship is subjected to the release of grant/ funds from DST to iHub Anubhuti.

7. You shall submit your acceptance of this fellowship within 02 working days (by sending a softcopy of this letter) and join the fellowship not later than seven (07) days from the date of receipt of this fellowship award letter, failing which this award may be cancelled.
8. You are also required to submit the joining form along with all the self-attested documents, such as all education qualification mark sheets, certificates, Aadhar card, PAN card, and declaration letter (having mentioned that you are not availing any other fellowship). The joining form should be duly endorsed by the supervisor.

Regards,

IIIT-Delhi G.B. Pant Extension Okhla Phase-III

Rajeev Pandey
CEO (Interim), IIIT-D ANUBHUTI-IIITD FOUNDATION

Acknowledgement of Acceptance

I/ we hereby have read and understood the terms of this Fellowship Grant Letter and hereby accept this grant in accordance with the terms and conditions as enumerated above

MED TECH CLINICS

It was a programme organized as a part of "WOW KERALA" by IEDC KMCT. It happened on April 16, 10 am at KMCT dental college. Active participation in the event made a bench mark in the college. It discussed all aspects of importance of technology in medical field. It includes technology driven diagnosis and therapeutic upliftment by newer technology.

IDEA DAY

IEDC has arranged a idea day event on June 23, 2023. About 6 new ideas came in this event. one to one discussion on the ideation, problem solving, financial management, marketing and scope validity of the idea were discussed. discussion was led by our nodal officer Dr Ravi S V. IEDC given full support

WORKSHOP ON RESEARCH APPLICATION FOR GRANTS

This workshop was organized by IEDC and research committee and IQAC on July 23, 2023. Resource person was the KMCT dental college grants coordinator Dr Niyas Ummer. This work shop was focused mainly on innovator / researcher who is eagerly looking for research grants. Programme started at 10 am in morning. Around 60 participants attended the programme. In the session he briefed about types of different grants, eligibility of each grant and how to write a research proposal. He also elaborated about different grants open in each time and documents prepared for each grant. In the afternoon session we had a hand on workshop on how to write apply for research grants. session was truly informational and all the faculties and post graduates attended are benefitted from the session. Session ended up by 3.30 pm

DESIGNATHON

KMCT Dental college is participated in KMCT IEDC Designathon 2023 on august 5, 2023 hosted by KMCT CAHS. It was limited to one team from college. Winner offered a prize of 15000. It was a opportunity to participate in AI/ AR/ VR/3d modelling and health care workshops. During the event, you will brainstorm, interact, and collaborate to refine your ideas, themes, and prototypes. The winning team will be chosen based on their remarkable Designathon Pitch in the afternoon. Keynote speakers were Mr. Anil Balan (President: KSN Global, Cofounder: Splendre Eyemag Pvt. Ltd), Dr. Jayan Joseph (CEO: Appscook Technologies) Mr. Vignesh R. (Head, LEAP North Kerala, Kerala Startup Mission)

Flowing workshops were conducted during the session

1.AI/AR/VR Workshop - Powered by ConvAi Innovations, conducted by the ingenious Mr. Nandakishor M. URL: https://convaiinnovations.com/

2.Live 3D Modelling & Printing Sessions - Presented by MedGyor, a trailblazing startup from IIT Bombay, guided by Founder Mr. Dinoj Joseph and NIT-Calicut interns.

3. Healthcare Technology Showcase - Witness the latest devices developed by the illustrious Coexin Technologies, founded by the visionary Mr. Arshad Koya.

There was an interactive session with Mr. Adish Chakyery, Founder of MedQ App, a Healthcare IT Startup based at KSUM/UL Cyberpark. He will share insights and oversee the Designathon sessions!

There was a pitch perfect session with Mr. Shefeeq Abubakr, a renowned digital marketing pioneer and industry leader, who will share his invaluable expertise and strategies to revolutionize your digital marketing game. Visit the IEDC demo stall to explore various platforms, including Kerala Startup Mission/KSIDC/KDISC/YIP, supporting campus innovators. All the participants provided valuable online mentor support and guided by passionate start up founders.

Dr Parvathy cons endo post graduate got second prize of 3000 in this event

YOUNG IDEA CONCLAVE

YOUNG IDEA CONCLAVE is organized by innovation expedition (IVAEX) in association with kerala start up mission supported by NIT Calicut. Co supporters IETCU Calicut, MES college of engineering kuttippuram , MDITCalicut , GEC Calicut ,KMCT Calicut . IVAEX is an idea sharing platform recongnized by DIPP GOVERNMENT OF INDIA, ENLISTED UNDER START UP INDIA and registered with start-up kerala mission focusing on innovation through interaction and promotion of ideas . KMCT is actively participated in the event

IDEA TO PATENT

This workshop was organized by IEDC and research committee and IQAC on August 14 and 15 2023. Resource person was Arun raj Manikkaraj Associate Vice President RAIN, and Dinu Anand and CSR relation RAISE. This work shop was focused mainly on innovator / researcher who is eagerly looking for research patenting their idea and research. Programme started at 10 am in morning. Around 60 participants attended the programme. In the session he briefed about ideation, steps in ideation, importance of patenting their idea, how to write a research proposal for patent and steps of application of patent. He also elaborated documents prepared for each grant. In the very next day session, we had a hand on workshop on how to apply for patents. session was truly informational and all the faculties and post graduates attended are benefitted from the session. Session ended up by 3.30 pm

INNOVATION AND ENTREPRENEURSHIP DEVELOPMENT CENTRE

NATIONAL START UP DAY CELEBRATION

The primary focus of the event was to foster entrepreneurship and innovation among the students and provide a platform for them to showcase their innovative ideas.

Idea Pitching Competition:

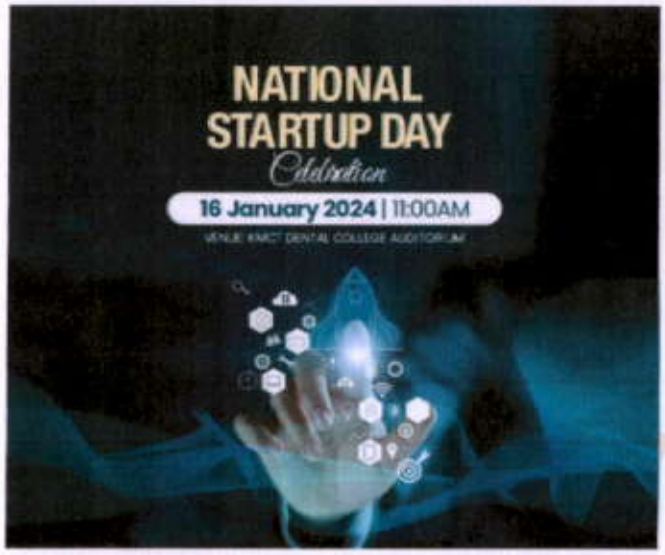

One of the highlights of the event was the Idea Pitching Competition, where 10 participants from different disciplines presented their innovative ideas. The participants exhibited a diverse range of ideas, showcasing the creativity and entrepreneurial spirit present within the student community. A distinguished panel of judges, consisting of three seasoned professionals with expertise in entrepreneurship, innovation, and business, evaluated the presentations. Their valuable insights and constructive feedback added immense value to the competition. After a rigorous evaluation process, the top three ideas were selected for incubation. The winners not only demonstrated creativity but also exhibited the potential for real-world application and impact. The winning ideas covered a spectrum of industries, from healthcare to technology, reflecting the versatility of the participants.

The event concluded with a closing ceremony where the winners were felicitated, and all participants were acknowledged for their efforts. The organizing committee expressed gratitude to the judges, participants, and sponsors for their contributions to the success of the National Startup Day celebration.

The IIC and IEDC of KMCT Dental College are committed to nurturing the entrepreneurial spirit among students. The success of the National Startup Day has inspired the institutions to plan more such events, workshops, and mentorship programs to continue fostering innovation and entrepreneurship on campus. The National Startup Day celebration at KMCT Dental College not only provided a platform for students to showcase their entrepreneurial talent but also marked a significant step towards building a culture of innovation within the institution. The incubation of the top three ideas reflects the commitment of the institution to support and nurture budding entrepreneurs, laying the foundation for a vibrant startup ecosystem within the campus

A TALK ON INNOVATION AND STARTUP ECOSYSTEM

The talk on "Innovation and Start up Ecosystem" hosted by IEDC KMCT Dental college was a captivating exploration into the dynamics of innovation and the critical elements that contribute to a thriving start up ecosystem. The speaker, Dr Nivea T Francis, delivered insightful perspectives on the subject matter, shedding light on the challenges and opportunities present in today's rapidly evolving business landscape.

Key Points Discussed:

- Understanding Innovation
- Importance of Collaboration

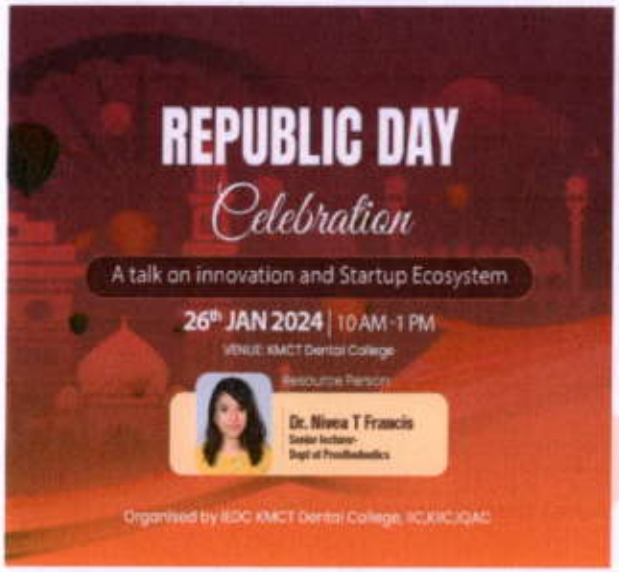

KMCT Medical College Campus, Mukkam, Kozhikode - 673602
0495-2292000 dental@kmct.edu.in
www.kmctdentalcollege.org

- Building Supportive Infrastructure
- Embracing Diversity and Inclusion
- Nurturing Entrepreneurial Mind set

In conclusion, the talk on "Innovation and Start up Ecosystem" provided valuable insights into the key drivers of innovation and the essential elements of a thriving start up ecosystem. By fostering collaboration, building supportive infrastructure, embracing diversity and inclusion, and nurturing an entrepreneurial mind set, stakeholders can collectively contribute to creating a vibrant ecosystem that fosters creativity, drives economic growth, and addresses societal challenges. The IIC and IEDC of KMCT Dental College are committed to nurturing the entrepreneurial spirit among students. The success of the program has inspired the institutions to plan more such events, workshops, and mentorship programs to continue fostering innovation and entrepreneurship on campus

RESEARCH METHODOLOGY WORK SHOP

The Interdisciplinary Workshop on Basic Research Methodology for Biomedical Research was held from February 5th to February 7th, 2024, organized by the Innovation and Entrepreneurship Development Cell (IEDC) in collaboration with the Research Committee of KMCT Dental College. The workshop aimed to equip participants with fundamental skills and knowledge in research methodologies pertinent to biomedical research. Key Objectives was to familiarize participants with basic research concepts and methodologies and to provide hands-on training in various research techniques applicable to biomedical studies. It encourages interdisciplinary collaboration among participants for enhanced research outcomes.

Program Highlights:

Day 1 (February 5, 2024): Introduction to Research Methodology: Theoretical sessions covering the fundamentals of research design, data collection, and analysis. Workshop on Literature Review: Practical exercises guiding participants in conducting effective literature reviews for biomedical research

Day 2 (February 6, 2024):

Statistical Analysis in Biomedical Research: Sessions focusing on statistical methods commonly used in analysing biomedical data. Research Ethics and Regulatory Compliance: Discussions on ethical considerations and regulatory frameworks governing biomedical research.

Day 3 (February 7, 2024):

INDUCTION PROGRAMM FOR EXECUTIVE COMMITTEE OF IEDC FOR THE YEAR

Following the inauguration session on ideation , an induction ceremony was held, introducing the members of the Executive Committee for the year 2024-25. Each member was welcomed with enthusiasm and provided with an overview of their roles and responsibilities. Subsequently, participants were treated to a refreshment session, providing an opportunity for networking and informal discussions among the committee members.

The Induction Program for the Executive Committee 2024-25 at KMCT Dental College was a resounding success, setting a positive and enthusiastic tone for the upcoming academic year. The commitment to innovation, problem-solving, and academic excellence was evident throughout the event, promising a year of growth and accomplishments for the committee

SESSION ON PROBLEM SOLVING AND IDEATION

The Induction Program for the Executive Committee of the academic year 2024-25 at KMCT Dental College, organized by the Innovation and Incubation Cell (IIC) and Innovation and Entrepreneurship Development Cell (IEDC), marked a significant beginning for the new committee. The event took place on February 24, 2024, with an array of informative and interactive sessions.The event commenced with a formal inauguration ceremony graced by the esteemed presence of the College Principal. His inspiring words set the tone for the committee's term, emphasizing the importance of innovation, collaboration, and leadership in fostering growth within the institution.

The program continued with an engaging session on problem-solving and ideation. Facilitated by experts in the field, this session aimed to equip the committee members with valuable skills to address challenges creatively and think innovatively. Practical exercises and case studies were included to enhance the learning experience.One of the highlights of the induction program was a comprehensive session on how to select thesis topics aligned with current thrust areas in the field of dentistry. This session was particularly beneficial for committee members involved in academic and research activities, providing insights into trending topics and methodologies.

FAB LAB VISIT TO PRE-INCUBATION FACILITY AT TECHNOPARK TRIVANDRUM

Fab lab visit to pre incubation facility at Technopark Trivandrum was done at march 2, 2024. Team led by Dr Ravi S V and administrative officer Sujatha Sarma visited research facilities and different technologies in Fab lab. Entrepreneurship facilities were discussed with our team. They have also discussed different research grants and funds from different govt schemes

BOOT CAMP

The boot camp organized by IEDC, KMCT Dental College, served as a platform for participants to enhance their innovation and entrepreneurial skills. By providing hands-on training, fostering collaboration, and encouraging creative problem-solving, the boot camp contributed to the development of a vibrant entrepreneurial ecosystem within the college community

Key Features: Group Formation: Participants were divided into 10 groups, facilitating collaborative learning and teamwork.

Duration: The boot camp lasted for 8 hours, ensuring comprehensive coverage of the training modules.

Problem Statements: Three problem statements were provided to the participants, serving as real-world challenges to be addressed during the boot camp.

Training Sessions: Each group received training sessions tailored to address the specific problem statement assigned to them. These sessions covered ideation, brainstorming, concept development, and proof of concept.

Lean Canvas Framework: Participants were supplied with a Lean Canvas framework to structure their projected solutions for each problem statement. This provided a systematic approach to validating business ideas and developing viable solutions.

Program Highlights:

INNOVATION AND ENTREPRENEURSHIP DEVELOPMENT CENTRE

Problem Statement Sessions: Expert facilitators conducted training sessions for each group, focusing on understanding the problem statement, identifying potential solutions, and formulating a strategy to address the challenge effectively.

Hands-on Workshops: Participants engaged in interactive workshops where they applied design thinking principles and lean startup methodologies to develop prototypes and validate their ideas.

Pitching Sessions: Each group presented their projected solutions, utilizing the Lean Canvas framework to articulate their value proposition, customer segments, and revenue streams.

Feedback and Evaluation: Feedback sessions were conducted, allowing participants to receive constructive feedback from mentors and peers, fostering continuous improvement and learning.

Participant Feedback:

Feedback from participants indicated a high level of satisfaction with the boot camp format, emphasizing the practical learning experience and the opportunity to collaborate with peers. Many participants expressed gratitude for the guidance provided by mentors and the relevance of the training sessions to real-world entrepreneurial challenges

IDEA DAY

The Idea Pitching Competition organized by IEDC, KMCT Dental College, was a resounding success, fostering creativity, innovation, and entrepreneurial spirit among participants. By providing a platform for idea generation, refinement, and pitching, the competition contributed to the development of an entrepreneurial ecosystem within the college community.

Key Features: Group Formation: Participants were organized into 10 groups, each consisting of members with diverse backgrounds and skill sets. Duration: The competition spanned 8 hours, providing ample time for participants to develop and refine their ideas.

Problem Statements: Three problem statements were provided to the groups, presenting real-world challenges to be addressed through innovative solutions.

Training Sessions: Each group received training sessions covering ideation, concept development, and proof of concept, tailored to address the specific problem statement assigned to them.

Lean Canvas Framework: Participants were equipped with a Lean Canvas framework to structure their projected solutions for each problem statement, ensuring a systematic approach to idea development.

Pitching Sessions: At the culmination of the competition, each group presented their ideas to a judging panel comprised of faculty members who are experts in the field of innovations.

Program Highlights: Training Workshops: Throughout the day, participants engaged in interactive workshops where they refined their ideas, received feedback, and honed their pitching skills.

Mentorship Sessions: Expert mentors provided guidance and support to the groups, offering valuable insights and suggestions to enhance their ideas.Pitch Presentations: Each group delivered their pitches to the judging panel, showcasing their innovative solutions, demonstrating market potential, and articulating their value proposition.

Q&A Session: Following each pitch presentation, the judging panel engaged in a Q&A session with the groups, probing deeper into the feasibility and scalability of the proposed ideas.

Evaluation and Awards: The judging panel evaluated the pitches based on criteria such as innovation, feasibility, market potential, and presentation skills. Winners were announced, and awards were presented to the top-performing groups.

Participant Feedback: Feedback from participants reflected enthusiasm and satisfaction with the competition format, emphasizing the opportunity to ideate, collaborate, and receive guidance from mentors. Participants expressed gratitude for the platform provided by IEDC to showcase their ideas and receive valuable feedback from industry experts.

WOMEN EMPOWERMENT PROGRAMME

Key Features: Self-Defense Training: The program commenced with a self-defense training session conducted by a karate trainer, empowering women with essential skills and techniques for self-protection and confidence-building. Session on Investments and Business Opportunities: Participants were enlightened on investment strategies and business opportunities tailored for women entrepreneurs, providing valuable guidance on financial empowerment and wealth creation. Talk by Successful Woman Entrepreneur: A prominent woman entrepreneur delivered a keynote address, sharing her personal journey, challenges

faced, and lessons learned in building a successful business. Her inspiring narrative served as a source of motivation for aspiring women entrepreneurs. Session by Successful Innovator: Another notable session featured a successful innovator who shared her experiences in the field of innovation and technology, highlighting the importance of creativity, perseverance, and resilience in driving innovation and entrepreneurship. Interactive Discussions: Participants engaged in interactive discussions with the speakers, exchanging ideas, seeking advice, and gaining insights into various aspects of entrepreneurship and leadership. Networking Opportunities: The event provided networking opportunities for participants to connect with like-minded individuals, mentors, and potential collaborators, fostering a supportive and empowering community for women on campus. Participant Feedback: Feedback from participants was overwhelmingly positive, with many expressing gratitude for the informative and inspiring sessions. Participants appreciated the practical insights shared by the speakers and found the self-defense training session particularly empowering and valuable. The event was lauded for its efforts in promoting women's empowerment and fostering a culture of entrepreneurship on campus. Conclusion: The talk session by a successful woman entrepreneur, organized by IEDC in collaboration with the Women's Cell, served as a catalyst for empowering women on campus. By providing valuable insights, practical skills, and inspirational stories, the event contributed to the personal and professional growth of participants, encouraging them to pursue their entrepreneurial dreams with confidence and determination.

A SESSION ON "BUSINESS MODEL CANVAS "

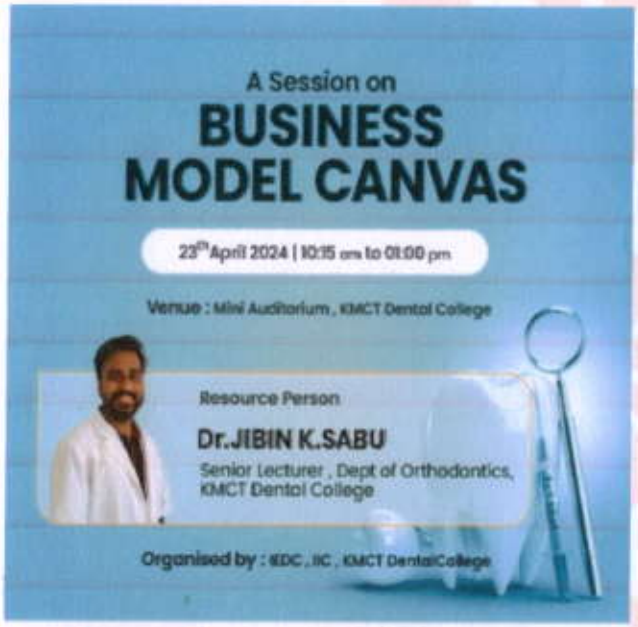

A session on "BUSINESS MODEL CANVAS " hosted by IEDC KMCT Dental college plays a crucial role in understanding how a business creates, delivers and captures value. Event was scheduled on April 23, 2024. The speaker, Dr Jibin K Sabu, delivered insightful perspectives on the subject matter, shedding light on the challenges and opportunities present in today's rapidly evolving business landscape.

Key Points Discussed:

- Understanding Customer segments and value propositions
- Importance of Customer relationship
- Key resources and key activities
- Partnership and cost structure
- Nurturing Entrepreneurial Mind set

DR. MANOJ KUMAR. K.P
Principal
KMCT Dental College

In conclusion, a session on "BUSINESS MODEL CANVAS " provided structured framework for analysing, designing and refining business strategies across various industries, including the healthcare sector. By utilizing the business model canvas empowers healthcare organizations to adapt to changing market dynamics, innovate and ultimately achieve sustainable success in delivering quality healthcare services and products. The IIC and IEDC of KMCT Dental College are committed to nurturing the entrepreneurial spirit among students. The success of the program has inspired the institutions to plan more such events, workshops, and mentorship programs to continue fostering business entrepreneurship on campus.

TECHNOLOGY TRANSFER CENTER VISIT DANTECH DENTAL LAB, CHENNAI

The visit aimed to gain a comprehensive understanding of the processes and technologies involved in the creation of dental prosthetics and appliances. This included observing the workflow, learning about different materials used, and understanding the quality control measures in place. DentTech Dental Laboratory is a state-of-the-art facility specializing in the design and manufacture of dental prosthetics, including crowns, bridges, dentures, and orthodontic appliances. The lab combines traditional craftsmanship with modern digital technologies to ensure high precision and quality.

Technologies Observed:

- CAD/CAM Systems: Integral for designing and milling precise dental restorations.
- 3D Printers: Used for creating detailed and accurate models and appliances.
- Digital Scanners: Essential for capturing detailed impressions and ensuring accurate fit.

- Sintering Furnaces: For the hardening of ceramic materials.

The visit to DanTech Dental Laboratory was highly informative and showcased the intricate and advanced processes involved in creating dental prosthetics. The integration of digital technology with traditional craftsmanship ensures high-quality outcomes for patients. The lab's commitment to precision, quality control, and continuous improvement is commendable and reflects the high standards of modern dental prosthetic manufacturing.

The IIC and IEDC of KMCT Dental College are committed to nurturing the entrepreneurial spirit among students. The success of the program has inspired the institutions to plan more such events, workshops, and mentorship programs to continue fostering business entrepreneurship on campus.

NAVIGATING THE REVIEWRES LENS: BEST PRACTICES IN GRANT PROPOSAL EVALUATION AND PROTOCOLS FOR CELL CULTURE AND ANIMAL STUDIES

A session on "Best practices in grant proposal evaluation and protocols for cell culture and animal studies" hosted by IEDC KMCT Dental college plays a crucial role in understanding how a grant proposal can be submitted . The speaker, Dr Aravind S R, delivered insightful perspectives on the subject matter, effectively evaluate grant proposals and adhere to high standards in cell culture and animal study protocols

Key Points Discussed:

- Overview of ethical guidelines and legal requirements.
- Interactive discussion on designing robust animal experiments.
- Practical demonstration of animal handling and care techniques.
- Review of case studies highlighting best practices and common errors.
- Conclusion:

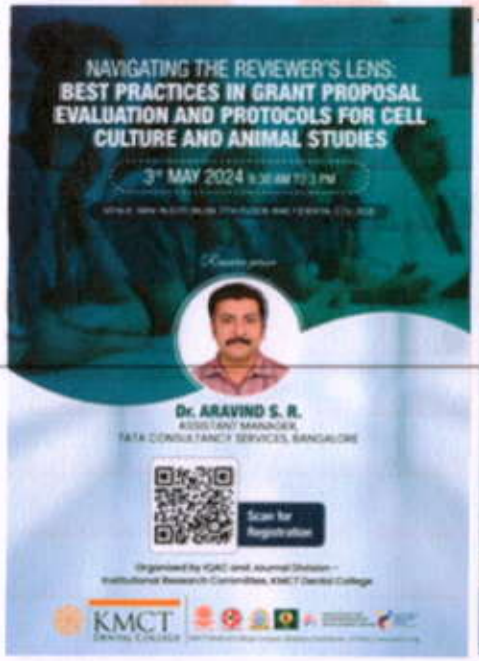

In conclusion, a session on "Best practices in grant proposal evaluation and protocols for cell culture and animal studies " provided clearer understanding of how to evaluate grant proposals critically, implement best practices in cell culture, and adhere to high standards in animal research. Attendees will be better equipped to contribute to the advancement of scientific knowledge with integrity and excellence.The IIC and IEDC of KMCT Dental

APPLICATION OF AI IN DENTISTRY - REPORT

Organized by

IQAC, KMCT Dental College

DATE : 24/10/23 Participants : 68 Time :09:00 AM

The program was inaugurated by Principal Dr. Manoj Kumar, held on 24th October 2023 at the Mini theatre of KMCT Dental College. Resource Person , Prof. Dr. Abdul Gafoor M, addressed the gathering and spoke on the importance of promoting the integration of Artificial Intelligence in both academic and clinical practice, transforming dental education and patient care.

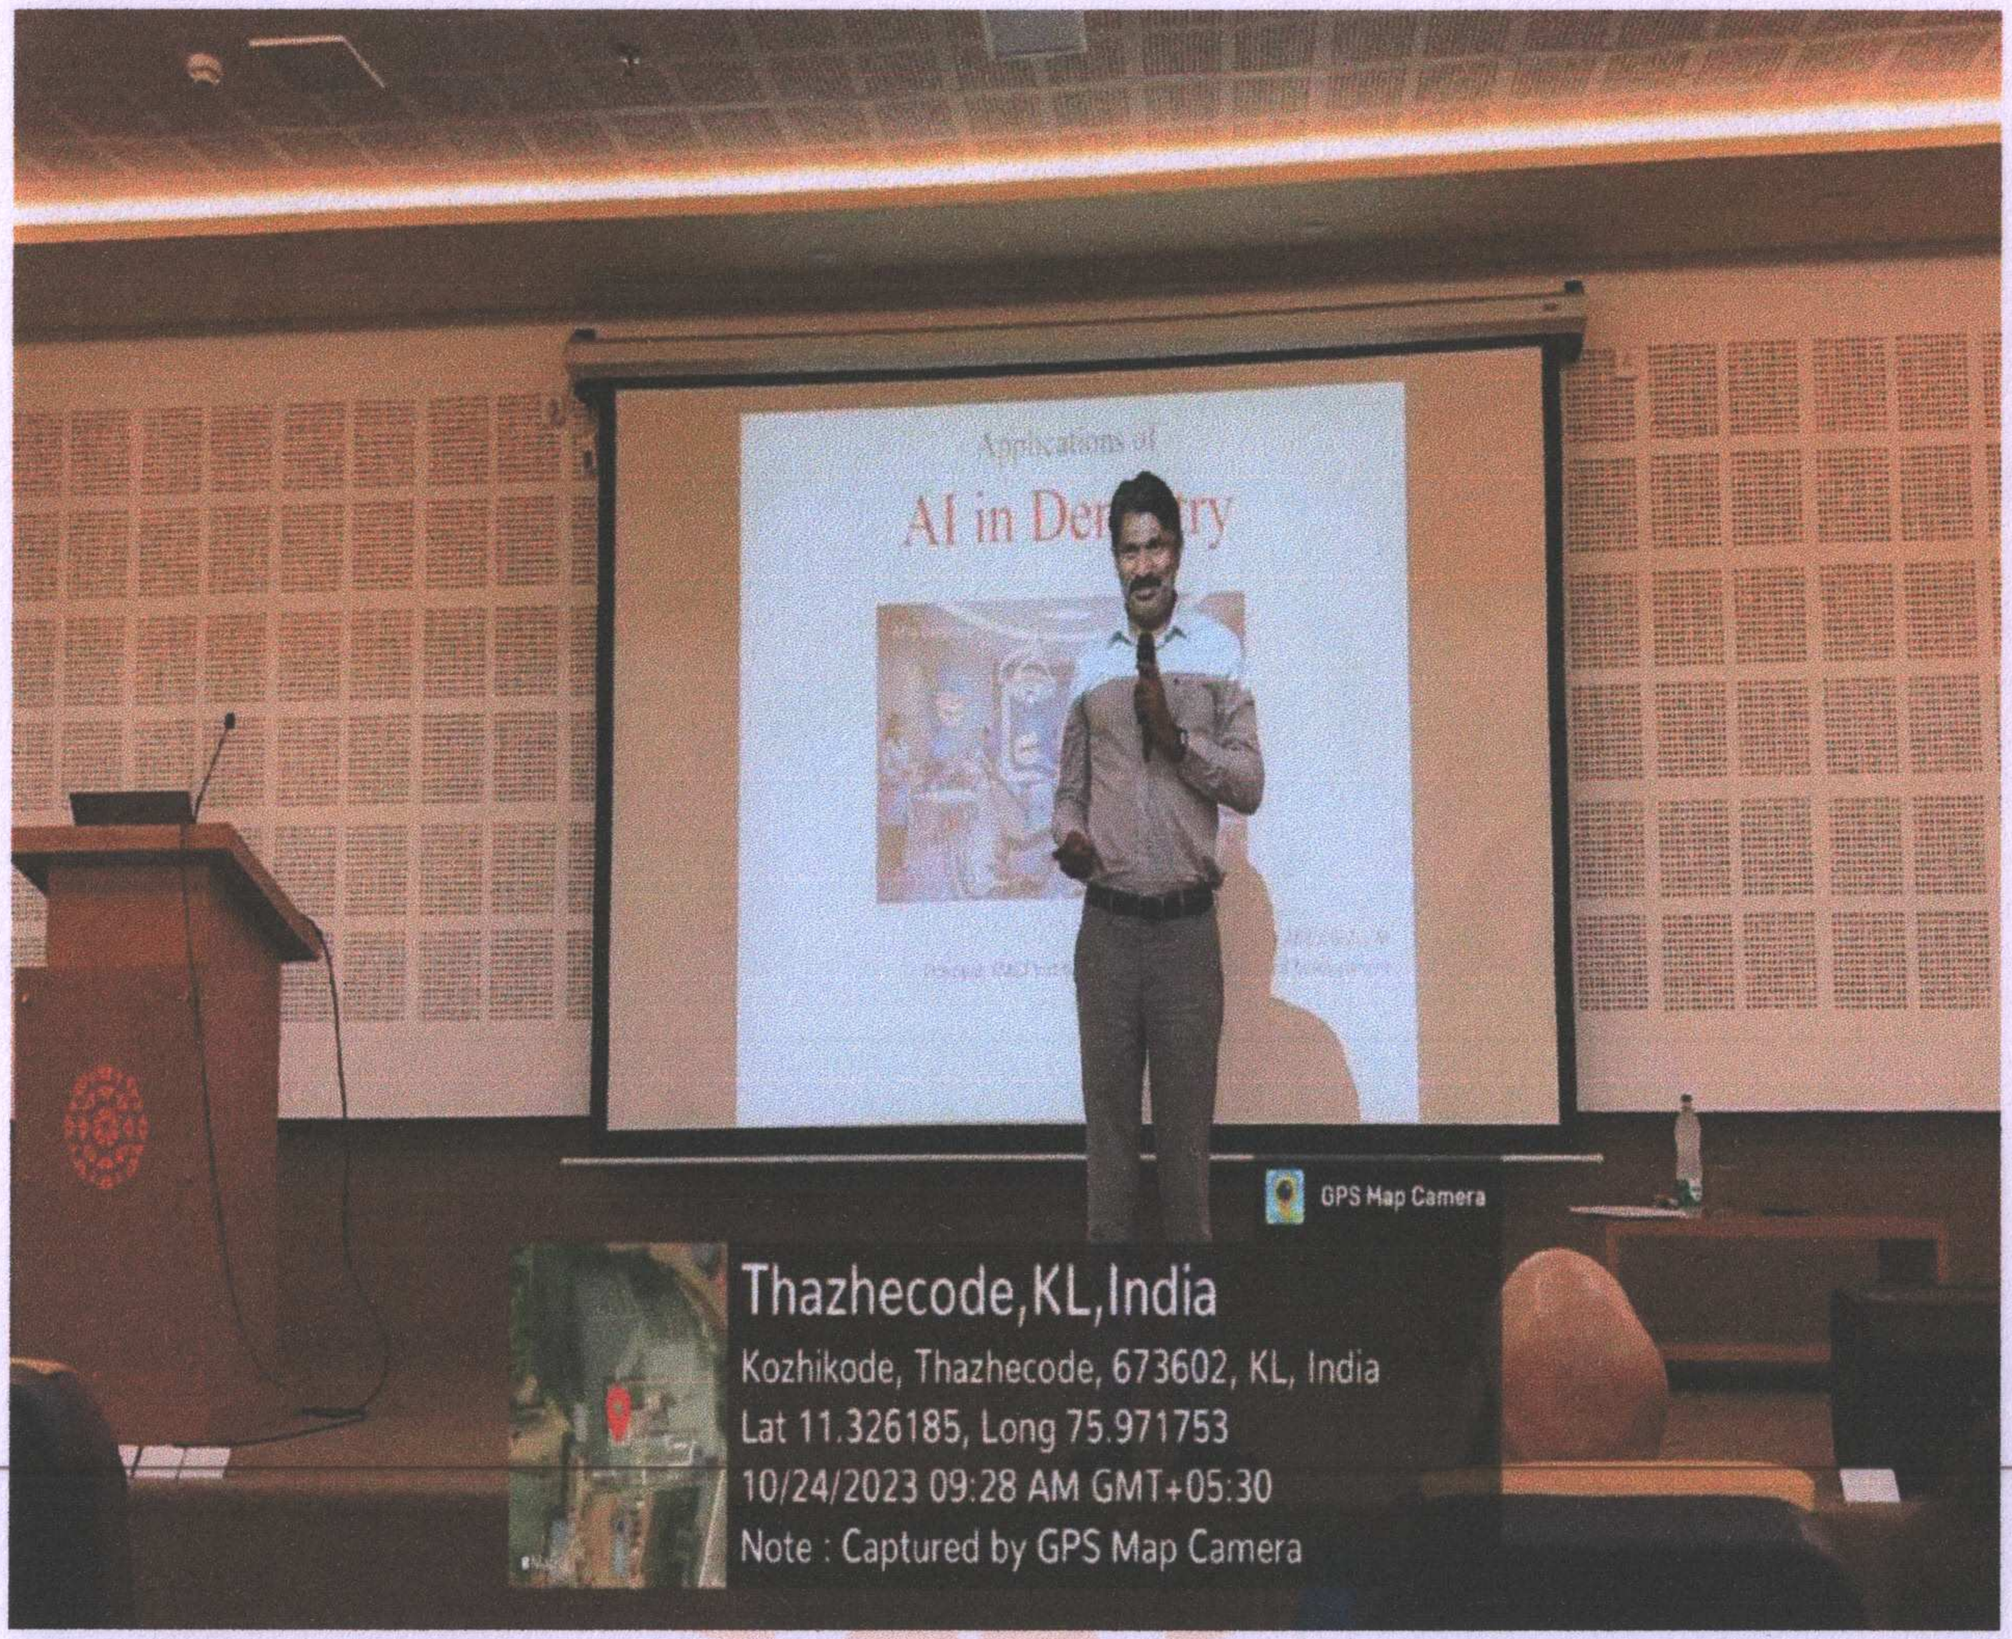

The program emphasized on the use of A.I driven tools in Academics for enhanced learning, data-driven research, individual personalized education for students & the application of A.I aids in diagnostics and imaging , treatment planning , as well as A.I driven robotics in automation & predictive analysis for disease progression, enabling preventive and personalized care strategies.

The initiative bridged the gap between academic learning and clinical efficiency by improving education quality, enabling evidence-based care, and enhancing accuracy, efficiency and patient outcomes. It is poised to play a vital role in personalized care and minimally invasive treatments in the future of dental healthcare.
