The Innovation and Entrepreneurship Development Centre (IEDC) at KMCT Dental College, Kozhikode, is a platform designed to foster innovation, creativity, and entrepreneurial skills among students. It aims to bridge the gap between academics and industry by supporting students in developing their ideas into viable business ventures. The center provides various resources, including mentorship programs, training workshops, networking opportunities, and incubation facilities. It also organizes competitions to encourage creative solutions to real-world problems.

Students at KMCT Dental College can incubate their ideas through the structured support of the Innovation and Entrepreneurship Development Centre (IEDC).

Participating in Orientation Programs: The IEDC conducts sessions for students to understand the concept of incubation, government grants, and how to align research with entrepreneurial ventures

Accessing Mentorship and Resources: The IEDC collaborates with Kerala Startup Mission and other stakeholders to provide mentorship, infrastructure, and funding opportunities for students to develop their ideas into viable projects

Engaging in Research Initiatives: Students can participate in short-term internship research programs or extend their thesis work into innovative projects with funding support from agencies like ICMR

Student-Led Roles and Teams: The IEDC encourages leadership by assigning roles such as Innovation Lead, Technology Lead, and Branding Lead to students, fostering ownership and collaboration

VISION

To impulse an innovation ecosystem in the campus and society.

MISSION

By providing the platforms to discover, design, develop and deliver the innovative thoughts.

ABOUT US

KMCT Innovation & Incubation Center (KIIC) is a Ecosystem supporting all of our fraternity which includes undergraduate students, post graduate students, teaching and non teaching faculty or anyone who wants to connect to our incubation system. We facilitate best practices especially in early stage entrepreneurs and researchers who have a vision and are looking to engage and grow together. We support people at both the Incubation and Acceleration steps. The Incubation program supports ideas from conception up through development of a project. Innovative ideas can be anything between academic research and business ideas to become entrepreneurs, start up with collaborations or a researcher. We welcome ideas from everyone who is a part of our campus, may it be students, teaching faculty, office staff, clinical/lab assistant staff, technical staff etc.
